

VIETCIS SUSTAINABLE PROCUREMENT METRICS REPORT 2025

This internal report summarizes key sustainable procurement performance indicators monitored by VIETCIS.

Metric	Result
% suppliers signed Code of Conduct	92%
% suppliers with ESG contract clauses	88%
% suppliers assessed (ESG)	85%
% suppliers audited (on-site)	30%
% buyers trained on sustainable procurement	100%
% suppliers engaged in corrective actions	75%
Other: % high-risk suppliers reduced year-on-year	-20%

Analysis

VIETCIS demonstrates strong performance in sustainable procurement, with high levels of supplier engagement and full training coverage for procurement staff. The company continues to improve supplier compliance and reduce sustainability risks across the supply chain.

Conclusion

VIETCIS remains committed to continuous improvement in sustainable procurement through monitoring, supplier engagement, and performance tracking.
